AVAILABLE TANKS

Storage and disposal tank, 700 litre capacity,
Order no. 117773

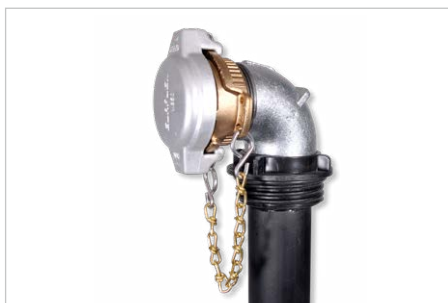

Storage and disposal tank, 1000 litre capacity,
Order no. 117777

ACCESSORIES

Filler fitting with tanker coupling,
Order no. 117802

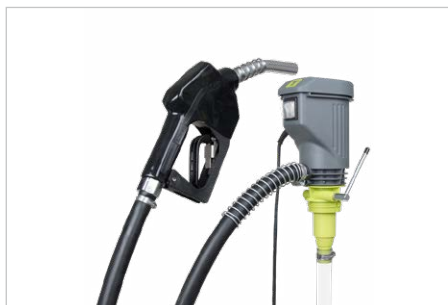

Suction connection for emptying by tanker lorry,
for 700 litre tank, Order no. 117783
Suction connection for emptying by tanker lorry,
for 1000 litre tank, Order no. 130199

Venting fitting,
Order no. 274258

Hand pump, for diesel, delivery rate:
approx. 0.25 l / stroke,
Order no. 117570

Electric pump with automatic nozzle, for diesel,
Delivery rate: approx. 37 l/min,
Order no. 117541

Electric pump with automatic nozzle, for diesel,
Delivery rate: approx. 55 l/min,
Order no. 267640

Flow meter for diesel pumps,
Order no. 243999

Electric pump with nozzle, for engine and gearbox oil,
delivery rate: approx. 28l/min,
Order no. 309463

Manual flow meter for gear oil,
Order no. 309464

ACCESSORIES

Manual flow meter for engine oil,
Order no. 309465

Lockable filling funnel,
Order no. 117781

Assembly set shown here on the left,
for the connection of e.g. vent valve,
plus overflow protection or limit switch,
Order no. 309460

Electrical overflow protection,
Order no. 309466

Electrical leak warning device, for visual and acoustic
notification of liquid accumulations,
Order no. 309468

Limit indicator to protect against overfilling
your diesel tank,
Order no. 309467

FURTHER SAFETY EQUIPMENT

Acoustic warning device (horn),
Order no. 309458

optical warning device (rotating beacon),
Order no. 309459

Decanting step,
Order no. 117782
